

Confide

Words & Music:
Meryn Caddell

I cannot find any Meryn Caddell chords or tabs anywhere. Anyone have a lead?

If you won't confide what eats you up inside, you'll die

This is a secret that's not yours to own.

Spit it out, watch it corrode the ground;

The sidewalk a long, molten stream.

Sulphurous, stenching and choking our eyes.

Watch it slip into the sky...

Don't cut up (off?) your arms and then cover

With reasons you've used for too long.

Scream it out, it will burn as it flies.

Watch it slip into the sky...

Ayyyyyyyyyyyyyyyy!
