Spaceman

Words & Music:
Harry Nilsson

INTRO:
C Bb C
Bang! Bang! Shoot-em-up, destiny!
D C D
Bang! Bang! Shoot-em-up to the moon!
G
Bang! Bang! Shoot-em-up, one, two, three! [Spoken: 1, 2, 3, 4!]
C Bb C
I wanted to be a space man, that's what I wanted to be.
Bb C
But, now that I am a space man, nobody cares about me.

CHORUS:
F C G C
Hey, Mother Earth won't you bring me back down safely to the sea?
F C G C
But around and around and around and around is all she ever say to me.

I wanted to make a good run, I wanted to go to the moon.
I knew that it had to be fun, I told them to send me real soon.

I wanted to be a space man, I wanted to be it so bad.
But now that I am a space man, I'd rather to be back on the pad.

CHORUS: [new last line]
But around and around and around and around is just a lot of lunacy.

BRIDGE:
F C [stop chord - n.c.]
'Round and around and around and around and around. So, bring me back down
F G C
'Round and around and around and around and around, safe on the ground.

CHORUS:
I wanted to be a space man, that's what I wanted to be.
But, now that I am a space man, nobody cares about me.

CHORUS: [new words]
Say, hey, Mother Earth, better bring me back down, I've taken just as much as I can.
But around and around and around and around is the problem of the space man.

F C G C
Aaahhhh---. Aaahhhh---. [repeat and out]
